➤ **Place of Visit**

Nishant Aromas, Private Limited, Palghar

➤ **Date of Visit**

- 20<sup>th</sup> Feb 2022 for MSc part II Chemistry students.

➤ **Objectives of Visit**

- Industrial visits are usually the first point of interaction between a student and a live working industry.
- Opportunity to interact with Industry Experts.
- Industrial visits provide students with a chance to meet industry leaders, professionals, entrepreneurs, policymakers, and corporates who share their wisdom, learning, and experiences.
- Industrial visits provide students an insight into the real working environment.
- Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices.

➤ **About Visit**

The main objective of industrial visit was to bridge the gap between classroom teaching and practical working environment and to bring in some positive intangible changes to the personalities of students which results from long distance group travel and industrial visit. This gap was filled by the industrial visit.

This year we organized industrial Visit for MSc part II students at Nishant Aromas, Private Limited, Palghar

➤ **What students learn during the Visit**

- The students learn about the latest technology trend and make up their minds about their future job or area of interest.
- Students get to learn a lot of things that will help in their development and also for the future.
- They get to have interactions with them and learn industry-specific workings and wisdom, eventually leading the students to understand better management skills, leadership skills, team player attitude, etc.

- Industrial training is provided to the students so that they are capable to implementing and applying the subjects practically.
- It also helps and enables the student in improving their knowledge. It improves the versatility of the student and helps them in boosting their career and also gain confidence.
