## **SECOND TERM COMPLIANCE REPORT**

I meticulously followed the curriculum throughout the second semester to make sure all topics were addressed in detail. I used hands-on learning strategies, getting students involved in experiments and demonstrations to deepen their comprehension.

During this semester, I have been actively involved in various professional activities and initiatives.

Firstly, I had the honor of being appointed as a Judge for the prestigious 'Navokram Spardha' organized by the District Education and Training Institute at ZP Office, Palghar on 27/12/2022.

Additionally, I served as the convener for a one-day international conference on 'Recent Advances in Chemical Sciences,' held on 10th March 2023. This conference brought together experts from various domains to share their research findings and discuss emerging trends in the chemical sciences.

A research proposal regarding cancer medicines, worth Rs. 5.0 lakhs, was approved by the Rajiv Gandhi Science & Technology Commission, Government of Maharashtra. I was nominated by the Vice Chancellor to undertake this project, reflecting my expertise and dedication to advancing scientific research in the field of medicine.

In conclusion, this semester has been an eventful and productive one, with my involvement as a judge, convener, and researcher.
