Respected sir,

To make the people knowledgeable and make them employable is the prime motto of education. Syllabic knowledge gives insights about the concept but extra professional training by industrial experts gives industrial exposure and cultural insights. Keeping this in mind the Department of Commerce is working hard to train the students as per the industrial expectations for this Department of Commerce signed the MoU with EduBridge Mumbai-based Workforce Development Company to transform the lives of unemployed youth in rural and semi-urban areas of Palghar District.

EduBridge provides students a commercially relevant training at their doorstep and arm them with the necessary skill sets and mindset to succeed in their professional careers. EduBridge accomplishes this task by utilizing private and government CSR projects.

As a part of CSR Activity EduBridge proposed to organize an online training Programme for your Third year Commerce, BMS & BAF students.

Please give us permission to conduct this training activity.

About the Event:		
<p>Online Training Programme (National Skill Development Corporation) To make the people knowledgeable and make them employable is the prime motto of education. Syllabic knowledge gives insights about the concept but extra professional training by industrial experts gives industrial exposure and cultural insights. Keeping this in mind, the Department of Commerce and Management Studies organized an online training program in collaboration with EduBridge Mumbai-based Workforce Development Company for last year's appearing students. From 15th December 2020 Online training programme of 25 hours was organized in 5 different batches for Third-year B.com, BMS, BAF, and CS students. 227 students participated in this training program. Students successfully completed the course. This online training program is sponsored by CITIBank (CSR Funding)</p>		
Event Objectives:		
<ol style="list-style-type: none">1) To give the insights to the T.Y. Students about industrial culture and working environment.2) To provide the students about the communication skills, interview skills and C.V. Writing.3) To give the tips to the T.Y. students about Personality Development.		
Learning Outcome :		
COVID-19 pandemic has presented unique challenges to all types and levels of learning, including skill development. Globally, educational institutions and companies are shifting from face-to-face interactions to remote work in response to the COVID-19 pandemic, and with		

that, remote learning and development is becoming a new reality. Both parties accepted this and we made certain changes in the teaching-learning models with the help of technology Following are some of the activities we are currently doing to overcome the challenges thrown at us by the pandemic –

- Interaction through SMS/WhatsApp/Calls to students and their parents to stay connected with them and to assist them in case they need any help
- Daily short fun quizzes/teasers/fun trivia messages are being sent to tickle their minds
- App-based upskilling training and certifications are being carried out
- Guest lectures with an expert has been planned through Live Video sessions
- YouTube Live Video sessions are being done
- Video/Telephonic Interview practice & Confidence building activities
- Competitions and awards are being run pan India.
