## **Report on World Earth Day Celebration**

### **1. Title of the Activity/Event/Practice**

World Earth Day

### **2. Objectives of the Practice**

1. To raise awareness about environmental issues and the importance of protecting the planet.
2. To encourage people to take action towards reducing their carbon footprint and living a more sustainable lifestyle.
3. To promote the use of renewable energy sources and reduce the dependence on non-renewable resources.
4. To educate people about the importance of biodiversity and the need to conserve natural habitats and ecosystems.
5. To inspire people to take part in environmental initiatives and participate in activities such as tree-planting, waste reduction, and recycling.
6. To mobilize communities towards taking collective action to protect the planet and promote sustainable development.
7. To promote a sense of responsibility and accountability towards the environment among the NCC cadets and the wider community.
8. To encourage research and innovation towards developing sustainable solutions to environmental challenges.

### **3. Context**

The activity of celebrating World Earth Day was assigned by 8 Mah Girls Bn.

### **4. Practice**

- To celebrate World Earth Day, NCC cadets researched the subject and made posters on the topic. They interacted with the students of the college regarding

environmental issues, carbon footprints, renewable energy sources, the importance of biodiversity, conservation of natural habitats and ecosystems, etc. They increased awareness among students about the importance of protecting the environment. The activity is conducted under the guidance of ANO Lt. Anagha Padhye-Deshmukh.

### **5. Outcomes:**

1. Increased awareness: NCC cadets may have learned more about the importance of environmental conservation, and the impact that their individual actions can have on the environment.
2. Community engagement: NCC cadets may have participated in activities such as tree planting, cleaning up litter, or educating others about environmental issues. This can help to raise awareness and engage the wider community in efforts to protect the environment.
3. Education and learning: By researching and creating posters on environmental issues, NCC cadets can deepen their own knowledge and understanding of environmental issues.
4. Civic responsibility: Participating in World Earth Day celebrations can help NCC cadets understand their civic responsibility towards the environment and motivate them to take action in their communities.
