Industrial Visit

Objectives of Visit:

- Industrial visits are usually the first point of interaction between a student and a live working industry.
- Opportunity to interact with Industry Experts.
- Industrial visits provide students with a chance to meet industry leaders, professionals, entrepreneurs, policymakers, and corporates who share their wisdom, learning, and experiences.
- Industrial visits provide students an insight into the real working environment.
- Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices.

About Visit:

The main objective of industrial visit was to bridge the gap between classroom teaching and practical working environment and to bring in some positive intangible changes to the personalities of students which results from long distance group travel and industrial visit. This gap was filled by the industrial visit.

This year we organized industrial Visit for BSc at Camlin fine Science ,Tarapur Boisar and MSc part II students at Nishant Aromas,Private Limited,Palghar

What students learn during the Visit:

- The students learn about the latest technology trend and make up their minds about their future job or area of interest.
- Students get to learn a lot of things that will help in their development and also for the future.
- They get to have interactions with them and learn industry-specific workings and wisdom, eventually leading the students to understand better management skills, leadership skills, team player attitude, etc.
- Industrial training is provided to the students so that they are capable to implementing and applying the subjects practically.
- It also helps and enables the students in improving their knowledge. It improves the versatility of the student and helps them in boosting their career and also gain confidence.

INDUSTRIAL VISIT REPORT

Date of Visit: 17th February 2019

Company: Nishant Aromas, Private Limited, Palghar

An Industrial visit to Nishant Aromas, Private Limited, Palghar was successfully organized by the Department of chemistry Sonopant Dandekar college Palghar on 17th February 2019. M.Sc twenty students and one Faculty Prof. Siddhi Mhatre visited to Nishant Aromas, Private Limited, Palghar to understand how the production activity, management Process, technology works and also to acquire knowledge and experience.

The students left the campus around 9:45 AM by bus and reached the venue at 10:15 AM. After the security check, the students were taken to the introduction room and given a briefing of rules and guidelines to be followed by everyone inside the industry. They were divided into two batches and at 10:30 AM and were escorted to Assembly line by the production manager. The students were explained about the process and operations undertaken by the Plants and Machinery like water treatment, about aroma. They were also explained about R and D and Q.C operation.

Finally, they were taken to seminar hall by our guide and he answered each and every Question asked by the students patiently.

At the end all students reached the college by Bus at 4:00PM.

The industrial visit to Nishant Aromas, Private Limited, Palghar company enriched our knowledge and experiences and also provide great opportunity to learn practically through demonstration, interaction, exchange of information and Employment practices which will help the students in their further career growth.

Dr. Suhas P. Janwadkar
Head, Department of Chemistry
