SUMMARY REPORT

Place of visit: Shirgaon beach Clean-up Drive

Date of visit: 26th July 2019

Objectives of the visit:

Educational Tours for students provide them with an opportunity to collaborate with teachers, and integrate new perspectives with informal environments to enhance learning initiatives. Among the many educational tour benefits, skill development is the most important. In order to meet several educational tour objectives, students need to apply skills, values and general knowledge in new settings.

- Effective Learning
- Personal Development
- Enhances Perspective
- Effective Communication
- Deepen Social Knowledge

What students learn during the visit?

Students are energized by the excitement and anticipation of leaving the college environment. The transportation to and from the site is often a pleasant open-social time. Students have the opportunity to see new things and learn about them in a more unstructured way. Students have the opportunity to determine what they learn and how they learn it. Said differently, student learning can be interest-driven, not teacher and curriculum driven. Students experienced a more holistic, integrated picture of the information that, in the classroom, may have only been presented in a textual and abstract way.

SWACHHATA PAKHAWADA ABHIYAN

OBJECTIVES

- To promote awareness about cleanliness and hygiene among the citizens.
- To encourage people to participate in cleanliness and sanitation activities.
- To promote the use of modern technologies for waste management.
- To improve the overall cleanliness and sanitation standards.

THE CONTEXT

The Swachhata Pakhwada Abhiyan is a campaign launched by the Government of India to promote cleanliness, hygiene, and sanitation across the country.

THE PRACTICE

Cadets carried out Swacchata Pakhawada Abhiyan by performing cleanliness activities. Likewise, Cadets made people understand the importance of cleanliness, and sanitation at individual and community levels. They had a dialogue with villagers regarding the importance of cleanliness, public health, proper disposal of health, management of waste, etc.

OUTCOMES

- a) The Swacchata Pakhawada Abhiyan has aided in the reduction of illness spread caused by unsanitary living conditions.
- b) The initiative served to prevent the growth of disease-carrying mosquitoes and other pests by removing waste and cleaning streets and public places.
- c) People were reminded to take responsibility for their garbage and to promote sustainable practices.

STREET PLAY ON SEGREGATION OF WASTE

OBJECTIVES

- To create awareness amongst local villagers about need and importance of segregation waste.

THE CONTEXT

Waste segregation facilitates the process of reuse, recycling, and recovery of waste. Segregating waste can improve the recycling process. For example, separating wet waste from dry waste is a simple way to help recycling companies. It will help to recycle non-biodegradable waste and treat biodegradable waste directly.

THE PRACTICE

On 4th December 2019, the NCC Cadets of S.D.S.M College organized a street play on the segregation of waste; to make people aware of its importance and the damage it can cause on the environment.

OUTCOMES

- 1) Cadets successfully demonstrated their play.
- 2) The aims of the street play i.e to make people aware of storing wet and dry garbage in different dustbins, and to store recyclable material for reuse, were achieved.

SUMMARY REPORT

On February 2, 2020, NSS volunteers, under the mentorship of Prof. Bhushan Bhoir, organized a Mangrove Cleanliness Campaign at Shirgaon Beach. The campaign aimed to raise awareness about the importance of mangrove ecosystems and to engage the community in efforts to conserve these vital coastal habitats.

The campaign commenced at 9:00 AM with an inaugural ceremony, during which Prof. Bhushan Bhoir delivered an opening address. He emphasized the ecological significance of mangroves in coastal ecosystems and the urgent need for conservation efforts to safeguard these fragile habitats. NSS volunteers, along with local residents, students, and volunteers from other organizations, actively participated in the campaign. A total of 150 volunteers enthusiastically joined hands to contribute to the cleanliness drive.

Volunteers were divided into teams and assigned specific areas along the mangrove coastline for cleanup activities. Equipped with gloves, garbage bags, and other necessary equipment, volunteers diligently collected litter and debris, including plastic waste, bottles, and discarded fishing gear. In addition to cleanup activities, educational sessions were conducted to raise awareness about the importance of mangrove ecosystems and the detrimental effects of pollution on coastal environments. Volunteers learned about the ecological functions of mangroves, their role in shoreline protection, and the impact of human activities on mangrove health.

Prof. Bhushan Bhoir and other faculty members provided guidance and supervision throughout the campaign, ensuring the smooth coordination of activities and the safety of all participants. Their expertise and leadership were instrumental in the successful execution of the event. The Mangrove Cleanliness Campaign organized at Shirgaon Beach on February 2, 2020, was a resounding success, thanks to the dedicated efforts of NSS

volunteers and the guidance of Prof. Bhushan Bhoir. The campaign not only contributed to the cleanliness of mangrove ecosystems but also raised awareness, empowered communities, and strengthened partnerships for coastal conservation. Moving forward, it is imperative to build upon the momentum generated by this initiative and continue working towards the long-term preservation of mangrove habitats and coastal biodiversity.

SUMMARY REPORT

On January 5, 2020, a Cleanliness Drive program was organized at Kaldurg Fort, Waghoba, by NSS (National Service Scheme) volunteers. The initiative aimed to promote environmental conservation, preserve the historical significance of the fort, and foster community engagement in maintaining cleanliness at the site.

The program commenced at 7:00 AM with an assembly of NSS volunteers and local residents at Kaldurg Fort. A brief overview of the objectives and activities planned for the day was provided by the organizing committee.

Cleaning supplies such as gloves, trash bags, brooms, and dustpans were distributed among the volunteers to facilitate the cleaning process.

NSS volunteers, divided into teams, actively engaged in cleaning various areas of Kaldurg Fort, including pathways, courtyards, and heritage structures. They collected litter, debris, and other waste materials, ensuring thorough cleanliness.

Emphasis was placed on waste segregation to ensure proper disposal. Volunteers segregated recyclable and non-recyclable waste, and arrangements were made for the proper disposal of collected waste following environmental guidelines.

After the cleaning activities, a brief refreshment session was organized to acknowledge the efforts of volunteers and celebrate the successful completion of the Cleanliness Drive program. The fort premises were cleaned and beautified, contributing to improved environmental hygiene and aesthetics. By removing litter and debris, the initiative helped preserve the historical and cultural significance of Kaldurg Fort, ensuring its longevity for future generations to appreciate.

Volunteers raised awareness about the importance of environmental conservation, waste management, and heritage preservation, educating visitors and locals about their role in preserving public spaces.

NSS volunteers gained valuable experience in community service, leadership, and teamwork, empowering them to become agents of positive change in society.

The Cleanliness Drive program at Kaldurg Fort exemplified the spirit of volunteerism, environmental stewardship, and community engagement. Through collective efforts and dedication, NSS volunteers demonstrated their commitment to creating a cleaner, healthier, and more sustainable environment for all.

230 volunteers came together for this beautiful event. Early morning 7:00 am sharp this drive started and ended up by 12:30 pm.
