CREATIVE WRITING

Writing creatively is more than just a craft; it's an investigation into the depths of the human condition. Words can take us beyond the material world, to create fantastical tapestries and soul-portraits. This program was a celebration of creativity in all its manifestations rather than just a talent show.

❖ Objective:

- The objective of a seminar on creative writing is to enhance participants & understanding and skills in the art of creative writing.
- The seminar aims to provide a platform for aspiring writers to explore different techniques, develop their creativity, and gain insights into the craft of writing.

❖ Outcomes:

- Participants will gain a solid understanding of the basic elements of creative writing, including character development, plot structure, dialogue, setting, and narrative techniques. They will learn how to effectively incorporate these elements into their writing to create engaging and compelling stories.
- The seminar will encourage participants to tap into their creativity and explore their unique writing voice. Through various exercises and prompts, participants will learn techniques to generate ideas, overcome writing fear, and think outside the box to create original and imaginative content.
- Participants will learn strategies to improve their writing skills, including grammar, vocabulary, sentence structure, and clarity of expression.
