DEPARTMENT OF CHEMISTRY

Industrial Visit Report

Date of Visit: 15th Dec 2019

No. of Participants: 50

Place of Visit: Aarti Drug Ltd, Plot No.E-21,M.I.D.C, Boisar

Date of Visit: 15th Dec 2019 for T.Y.BSc Chemistry students

The main objective of industrial visit was to bridge the gap between classroom teaching and practical working environment and to bring in some positive intangible changes to the personalities of students which results from long distance group travel and industrial visit. This gap was filled by the industrial visit.

This year we organized an industrial visit for BSc at Aarti Drug Ltd, Plot No.E-21 ,M.I.D.C, Boisar.

Objectives of Visit:

- Industrial visits are usually the first point of interaction between a student and a live working industry.
- Opportunity to interact with Industry Experts.
- Industrial visits provide students with a chance to meet industry leaders, professionals, entrepreneurs, policymakers, and corporations who share their wisdom, learning, and experiences.
- Industrial visits provide students an insight into the real working environment.
- Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices.

About Visit

An Industrial visit to Aarti Drug Ltd was successfully organized by the Department of chemistry Sonopant Dandekar college Palghar on 15thDec 2019 B.Sc Twenty five students and one Faculty Prof. Shrutika Raut visited to Aarti Drug Ltd to understand about active Pharmaceutical ingredient and also to acquire knowledge and experience.

We all went to Company by Bus. The bus left the campus by 9:45 AM and reached the venue at 10:30 AM

After the security check, the students were taken to the introduction room and given a briefing of rules and guidelines to be followed by everyone inside the industry. We were divided into two batches at 11:30 AM. We were escorted to Assembly line by the production manager and explained about the process and operations undertaken by the Plants and Machinery like HPLC, GC, I R.GCMS etc. They also explained about R and D and ADL operations.

Finally, we were taken to the seminar hall by our guide and he answered each and every Question asked by the students patiently.

And at the end we all went to college by Bus at 4:00PM.

The industrial visit to Aarti Drug Ltd Boisar Company enriched our knowledge and experiences and also provided a great opportunity to learn practically through demonstration, interaction, exchange of information and Employment practices which will help the students in their further career growth.

What students learned during the Visit

- The students learned about the latest technology trend and make up their minds about their future job or area of interest.
- Students learned a lot of things that will help in their development and also for the future.
- They had interactions with the company and learned industry-specific workings and wisdom, eventually leading them to understand better management skills, leadership skills, team player attitude, etc.
- Industrial training was provided to the students so that they are capable of implementing and applying the subjects practically.
- It also helped and enabled the students in improving their knowledge. It improves the versatility of the student and helps them in boosting their career and also gain confidence.

Dr. Suhas Janwadkar
Head, Department of Chemistry
