

Department of Chemistry

Industrial Visit

Objectives of Visit:

- Industrial visits are usually the first point of interaction between a student and a live working industry.
- Opportunity to interact with Industry Experts.
- Industrial visits provide students with a chance to meet industry leaders, professionals, entrepreneurs, policymakers, and corporates who share their wisdom, learning, and experiences.
- Industrial visits provide students an insight into the real working environment.
- Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices.

About Visit:

The main objective of industrial visit was to bridge the gap between classroom teaching and practical working environment and to bring in some positive intangible changes to the personalities of students which results from long distance group travel and industrial visit. This gap was filled by the industrial visit.

This year we organized industrial Visit for BSc at Camlin fine Science ,Tarapur Boisar and MSc part II students at Nishant Aromas, Private Limited, Palghar.

What students learn during the Visit:

- The students learn about the latest technology trend and make up their minds about their future job or area of interest.
- Students get to learn a lot of things that will help in their development and also for the future.
- They get to have interactions with them and learn industry-specific workings and wisdom, eventually leading the students to understand better management skills, leadership skills, team player attitude, etc.
- Industrial training is provided to the students so that they are capable to implementing and applying the subjects practically.
- It also helps and enables the student in improving their knowledge. It improves the versatility of the student and helps them in boosting their career and also gain confidence.

➤ Proposal for Industrial Visit to Camlin fine Science, Tarapur Boisar:

Date: 20th Dec 2018

To
The Principal
Sonopant Dandekar College,
Palghar.

Subject : Permission for Industrial Visit

Respected Sir,

It is to inform you that we have plan **for Industrial Visit**

As per the part of curriculum the student enrolled has to visit various industries during their curriculum. I therefore request you to kindly permit the students of M.Sc. Kindly grant us the permission for same.

Date of Industrial Visit: 23rd Dec 2018

Permitted

Industrial Visit Report

Date of Visit: 23rd December 2018

Venue: Camlin Fine Science, Tarapur Boisar

No. of Participant Students: 25

An Industrial visit to Camlin Fine Science was successfully organized by the Department of chemistry Sonopant Dandekar College, Palghar on 23rd December 2018. About 25 B.Sc students and one Faculty Prof. Pooja Shinde visited to Camlin Fine Science to understand how the synthesized various chemical, fragrance and antioxidant and also to acquire knowledge and experience.

All the students went to Company by Bus. The bus left the campus by 9:45 AM and reached the venue at 10:30 AM

After the security check, the students were taken to the introduction room and given a briefing of rules and guidelines to be followed by everyone inside the industry. They were divided into two batches and at 11 :30 AM. We were escorted to Assembly line by the production manager explained about the process and operations undertaken by the Plants and Machinery like HPLC, GC, IR, GCMS etc. They also explained about R and D and ADL operation.

Finally, they were taken to seminar hall by our guide and he answered each and every Question asked by the students patiently.

At the end all the students reached the college by Bus at 4:00PM.

The industrial visit to Camlin fine Science, Tarapur Boisar company enriched their knowledge and experiences and also provided great opportunity to learn practically through demonstration, interaction, exchange of information and employment practices which will help the students in their further career growth.

Dr. Shirish Pitale
Head,
Department of Chemistry
