To,
The Principal
Sonopant Dandekar College,
Palghar.

Subject: Regarding permission for conducting a Tree plantation program.

Respected Sir,

Concerning the above subject, Nowadays Pollution is a serious issue that directly or indirectly affects the environment, and to create awareness about the importance of Trees which help to increase the greenery and to reduce polluted environment. Our college DLLE unit wants to organize a "Tree plantation program" for all DLLE students enrolled for the year 2019-20 on 31/08/2019 at 8.35 am on the college campus.

Kindly permit us to conduct the program.

Thanking you,

Yours faithfully,

Extension Teacher,
DLLE, Palghar Unit.

Prof. In-charge

Department of Lifelong Learning and Extension (DLLE)

Tree Plantation 2019-20

To help participants critically evaluate how well tree plantation efforts address environmental and social issues, the Department of Lifelong Learning & Extension organized a tree planting activity. Participants were asked to consider factors such as long-term sustainability, species diversity land use planning, maintenance, and community engagement.

Objectives-

To save the endangered environment and to beautify our lives.

To increase wildlife biodiversity; improve air and water quality; and improve soil health.

To maintain an eco-friendly environment around the whole world, reduce air pollution, and improve the greenery.

Outcomes-

To preserve biodiversity, conserve water, preserve soil, and control climate which leads to a better environment to survive.

To restore the greenery around the Campus and to protect water supplies and a healthy environment.

Extension Teacher,
DLLE, Palghar Unit.

Report on Tree Plantation 2019-20

Name of the Event – Tree plantation

Date – 31/08/2019

Time- 8:35 a.m.

No. of Students Participated – 45 (Boys: 25 & Girls: 20)

About the activity–

Students were asked to gather on the college campus. Then in the backyards of college, a particular place was selected and students were given the equipment required for planting the trees. By proper spacing, plants will be planted in that place.

Objectives-

To save the endangered environment and to beautify our lives.

To increase wildlife biodiversity; improve air and water quality; and improve soil health.

To maintain an eco-friendly environment around the whole world, reduce air pollution, and improve the greenery.

Overcome-

To preserve biodiversity, conserve water, preserve soil, and control climate which leads to a better environment to survive.

To restore the greenery around the Campus and to protect water supplies and a healthy environment.
