Report on Plastic Collection 2019-20

Name of the Event – Plastic Collection

Date – 05/11/2019

Time- 1.00 p.m.

No. of Students Participated – 58

About the Activity:

DLLE teachers divide the students into five to ten groups, giving one college location for collecting plastic. All actively participated in the Plastic collection.

Welcome to the Plastic Collection Programme, a ground-breaking project aimed at creating a world where sustainable alternatives are embraced and plastic pollution is reduced. Our program offers double solutions and group action to lower plastic consumption and safeguard the environment for coming generations in the face of escalating environmental problems.

Objectives:

The plastic collection program was initiated to raise awareness about the environmental impact of plastic pollution and to promote responsible waste management practices among students and the local community.

Outcomes:

The plastic collection program received enthusiastic participation from students and faculties. It resulted in the effective removal of a significant amount of plastic waste from the environment, contributing to cleaner surroundings and raising awareness about the importance of responsible waste management practices
