ABOUT US

Sonopant Dandekar Shikshan Mandali's Sonopant Dandekar Arts, V.S. Apte Commerce and M.H. Mehta Science College was established in 1970 to cater the need of higher education in Palghar district and in vicinity with the goal "Higher Education to all". Today it has become the premier institution in the University of Mumbai as well as in newly formed Palghar district. In last few years the management has started various career oriented courses from under graduate to doctorate degree by considering the demand of situation and career opportunities available around the globe. In last few years college have achieved excellence in education & crossed some important milestones. In academic year 2017-18 the college received "Best College of University of Mumbai Award". Sonopant Dandekar Shikshan Mandali's Arts & Science College ranked within first 100 institutions of India in a survey conducted by India Today group.

ABOUT THE CONFERENCE

Department of life science in collaboration with Internal Quality Assurance Cell (IQAC) is going to organize one day national conference on 'Life science and Bio-technology' for Eternal development (LBTED-2023). The title covering the broad spectrum of area in the field of life sciences and technology. **The mode of conduction is Hybrid**

OBJECTIVES

- The main idea of the conference is to emphasize and higher and emphasize on the signification of life science and biotechnology for sustainable development.
- To make research fraternity aware of recent trends of research in the field of life science and biotechnology.
- The core vision of conference is to provide an excellent academic forum and interactive platform for research.
- The broad aim of the conference is to groom research scholars to face the challenges of future for effective and efficient professional responsibilities.

HOW TO REACH PALGHAR

By Flight : Palghar does not have an airport. Nearest airport is Chhatrapati Shivaji Airport (BOM) Mumbai.(104km. away)

By Train : Palghar is a major station on Western Line. There are frequent trains from Mumbai as well as from Gujarat side.

By Bus : Palghar is a major Bus station for state transports Buses & is well connected with major cities in India. For detail information regarding the train timing you can download the mobile application m-Indicator.

PROPOSAL

FOR

ONE DAY NATIONAL CONFERENCE IN

LIFESCIENCES

TITLED

‘LIFE SCIENCES AND BIO-TECHNOLOGY

FOR ETERNAL DEVELOPMENT’

INTRODUCTION

The Department of Life Sciences in collaboration with the Internal Quality Assurance Cell (IQAC) is going to organize a one day national conference on 'Life Science and Bio-Technology for Eternal Development' (LSTED- 2023). The title covers the broad spectrum of areas of application in the field of life sciences and technology.

OBJECTIVES

- The main idea of the conference is to emphasize and highlight and emphasize on the significance of Life Sciences and Biotechnology for sustainable development.
- To make the research fraternity aware of recent trends of research in the field of life sciences and biotechnology.
- The core vision of the conference is to provide an excellent academic forum and interactive platform for researchers.
- The broad aim of the conference is to groom research scholars to face the challenges of the future for effective and efficient professional responsibilities.

ABOUT INSTITUTION

Sonopant Dandekar Shikshan Mandali was founded in August 1968 by the lovers of education to commemorate Late Sonopant Dandekar, the scholar of higher degree, philosopher, strong protagonist of Varkari Samparadaya, the great narrator of "Jnaneshwari" and the son of this soil. He used to express his desire that a town like Palghar be bestowed with a model institution, which could cater the need of higher education of this economically, socially and culturally backward area of Maharashtra. This dream of Late Sonopant Dandekar was translated into reality by starting Sonopant Dandekar Arts and Vaman Shridhar Apte Commerce College in June 1970 with an initial strength of 150 students. Since its inception the Management is sensitive to the educational needs of this area and very kind to provide it to the students.

The Science College was started in 1984 and was greatly stabilized by the donation of Rupees 4 lakhs by Shri. M.H. Mehta. Many helping hands contributed to the development of and progress of the institution. At present 11000 students are taking quality education in the college that was started with only 150 students in 1970. The establishment of the institution in this region has solved the problem of women's education. Due to non-availability of any institute of higher education in the region prior to the establishment of these institutes, girls students were deprived of higher education. Today more than 65% of students are girl students in the institute. Sonopant Dandekar Shikshan Mandali has fulfilled the need and greatly contributed to the educational and cultural development of this godforsaken territory.
