Report on Visit to Slum Area 2019-20

Name of the Event: Visit to slum area

Date – 18/02/2020

Time- 8.30 a.m.

No. of Students Participated – 51 (Boys: 25 & Girls: 26)

About the Activity:

DLLE teachers and students gather near the slum area. Asmita Madam gives some instructions about how to go in a slum area, and some questions which to ask slum area peoples.

"Walking Together," is a game-changing excursion to a local urban slum designed to promote comprehension, empathy, and unity. Our program provides a means of bridging the gap between various communities and gaining deep insights into the lived experiences of those living in urban poverty in a world where socioeconomic disparities frequently divide people.

Objectives

1. The field trip was carried out to create awareness among students about livelihood and the challenges of people living there.
2. To make students understand the necessities of slum people.
3. To raise awareness about poverty and encourage debate about solutions.
4. To inculcate values of working sincerely today and in the future for people and humanity without any discrimination including but not limited to all.

Outcome

The college arranged a visit to the slum area aimed to provide students with firsthand exposure to socio-economic challenges faced by marginalized communities
