1st International Conference on Empirical and Theoretical Research

ICETR-2019 Israel

May 28 - June 2, 2019

IBERD

International Board for Education, Research and Development (IBERD) is a budding organisation founded by a group of professors from University of Mumbai, with the objective of spreading knowledge and gaining insights to new technologies and pedagogy, thereby making a positive societal impact in India and the global community. IBERD emphasises on organisation of innovative academic activities for school children, innovative research programmes for college students and teachers, etc.

The Conference

This multidisciplinary conference aims to bring researchers from varied fields of knowledge on a common platform so as to provide an opportunity to all researchers to network and exchange their ideas in person. It offers the new horizons to the participants to find global partners for future research collaboration. The conference can also help the delegates to establish academic and non-academic international linkages with recognized Universities and higher educational institutes in Israel. The invited lectures by eminent speakers from international organisations and visits to industries, academic and research institutes are the key attraction of the conference.

Highlights

- Opportunity to visit world's one of the most innovative and techno savvy countries.
- Interaction with world class personalities renowned in research and education.
- Gathering of Higher Education Commission, Universities and Institutions in Israel.
- Prospective for student and faculty exchange programme.
- Visit to working plants of technologies like Waste Management, Waste Water Treatment, Irrigation, etc.
- Explore the scenic beauty of Tel Aviv, Jerusalem, Haifa, Dead Sea, Beaches and many other tourist places.
- Assistance from Israel Government for the entire tour.
