Our counsellor introduced us to various courses of science basics and then he explained to us the sea of opportunities in the outer world. He also encouraged us to choose the field we're interested in rather than allowing somebody else to govern it. We should choose the subject and area in which we're genuinely interested and only then will we be able to succeed and make a name for ourselves. The Lecture will help develop an in-depth understanding of the subject **Computer Science** optional syllabus which is needed to attempt questions in Main

This guest lecture was supported and guided by Dr. Kiran J. Save (Principal), advised by prof. Mahesh Deshmukh (IQAC Coordinator & Vice Principal) and Dr. Tanaji Pol (Vice-Principal). The lecture was a great success with a total registration of 90 participants.
