## **AIDS Awareness Rally**

### **OBJECTIVES**

1. To increase public understanding of HIV/AIDS, including its transmission, prevention, treatment, and impact on individuals and communities.
2. To challenge stigma and discrimination associated with HIV/AIDS, which can hinder prevention efforts, discourage testing, and impede access to care and support services for affected individuals.
3. To promote HIV prevention strategies, including safe sex practices, access to condoms, needle exchange programs for people who inject drugs, and the promotion of pre-exposure prophylaxis (PrEP) and post-exposure prophylaxis (PEP).
4. To encourage HIV testing and counseling services, aiming to increase the number of people who know their HIV status. Early diagnosis allows for timely access to treatment, improves health outcomes, and reduces the risk of transmission to others.
5. To show support for people living with HIV/AIDS and to advocate for their rights, dignity, and access to quality healthcare, treatment, and social support services.

### **OUTCOMES**

1. The primary outcome of an awareness rally on World AIDS Day is to increase public awareness about HIV/AIDS, its transmission, prevention methods, treatment options, and the importance of getting tested.
2. The rally can encourage people to get tested for HIV by providing information about testing centers, procedures, and the importance of early detection.
3. The rally can serve as a platform for advocating for universal access to HIV/AIDS treatment, including antiretroviral therapy (ART), and addressing barriers to healthcare services for marginalized communities.
4. By involving community members, including people living with HIV/AIDS, in the planning and participation of the rally, it can empower communities to take ownership of HIV/AIDS prevention and care initiatives.
5. The rally can mobilize resources and support from government agencies, non-profit organizations, healthcare providers, and the private sector to strengthen HIV/AIDS prevention, treatment, and support services.

## **Report on AIDS Awareness Rally 2019-20**

On the day of WORLD AIDS DAY, Honorable District Collector Dr. Kailash Shinde, Asst. Prof. Rohit Gaikwad, the NSS coordinator, and other medical professionals and 120 volunteers from the first-year NSS participated in a rally to raise awareness.

World AIDS Day is observed globally on December 1st each year to raise awareness about HIV/AIDS, commemorate those who have lost their lives to the disease, and show support for people living with HIV/AIDS. In commemoration of this important day, an Awareness Rally was organized for NSS (National Service Scheme) volunteers from Government Hospital Palghar to Hutatma Chowk Palghar. The rally aimed to educate and engage volunteers in spreading awareness about HIV/AIDS prevention, treatment, and support services.

NSS volunteers gathered at Government Hospital Palghar, where they were briefed about the significance of World AIDS Day and the objectives of the Awareness Rally. The rally commenced from Government Hospital Palghar, with NSS volunteers carrying banners. Along the rally route, volunteers engaged to raise awareness about HIV/AIDS and dispel myths and misconceptions surrounding the disease. The rally culminated at Hutatma Chowk Palghar, where a brief ceremony was held to mark the conclusion of the event. NSS volunteers actively engaged with the community, raising awareness about HIV/AIDS and promoting understanding of prevention measures and treatment options. NSS volunteers gained valuable experience in community engagement, advocacy, and public health promotion, empowering them to become advocates for positive change in their communities.

The event facilitated collaboration between NSS, government health authorities, and local community organizations, strengthening partnerships for future HIV/AIDS awareness and advocacy efforts.

The Awareness Rally organized on World AIDS Day provided NSS volunteers with a platform to actively contribute to the global effort to combat HIV/AIDS. By raising awareness, dispelling stigma, and promoting support for those affected by the disease, the rally demonstrated the collective commitment of NSS volunteers towards building a healthier and more inclusive society.

Rohit Gaikwad  
NSS. Program Officer
