## Report

### Objectives:

- **Creative Expression:** The workshop seeks to unleash the participants' creativity by offering them a platform to experiment with colours, textures, and natural elements. Through flower arrangement and terrarium making, attendees will explore different techniques and styles, empowering them to express themselves artistically.
- **Hands-on Learning:** The workshop is designed to be interactive and practical, allowing participants to actively engage in the process of crafting their floral arrangements and terrariums under the guidance of experienced instructors. This hands-on approach ensures a deeper understanding of the techniques involved and fosters a sense of accomplishment.
- **Stress Relief and Mindfulness:** Working with natural elements like flowers and plants has been proven to have therapeutic effects, reducing stress and promoting mindfulness. The workshop provides a tranquil environment where participants can immerse themselves in the beauty of nature, finding solace and rejuvenation amidst their busy academic schedules.
- **Environmental Awareness:** Through the creation of terrariums, which are self-sustaining miniature ecosystems, the workshop aims to raise awareness about the importance of environmental conservation and sustainable living practices. Participants will learn about the delicate balance of ecosystems and the role they can play in preserving and protecting the environment.
- **Skill Development:** Beyond the aesthetic appeal, the workshop equips participants with valuable skills in floral arrangement, plant care, and terrarium maintenance, which they can apply in various aspects of their personal and professional lives. These practical skills not only enhance their creative repertoire but also instil a sense of responsibility towards nature.

## **Learning Outcomes:**

The College Flower Arrangement and Terrarium Making Workshop proved to be a resounding success, achieving its objectives of providing a creative outlet for students and promoting appreciation for nature. By combining educational sessions with hands-on practice and friendly competition, the workshop engaged participants and left a lasting impression. Such events serve as valuable additions to the college's extracurricular activities, enriching the student experience and contributing to a vibrant campus community.

A handwritten signature in blue ink, appearing to read 'B. N. Jaiswal', is written over a horizontal line.

Prof. B. N. Jaiswal
