DEPARTMENT OF BOTANY

Event Report

Place of visit: Jawhar, Dist. Palghar

Date of visit: 17th January 2020

No. of Participants: 35

Objectives of the visit:

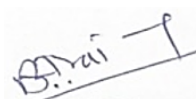

- To promote teamwork and social skills.
- To enhance knowledge and understanding.
- To learn about plant identification and medicinal plants studies
- To encourage independent learning.
- To promote creativity and critical thinking.
- To provide a break from the monotony of classroom learning.
- To give exposure to new cultures and environments.

About the visit:

Field visit was organized for the study of plants, their identification and medicinal uses. Field trips involve all the senses of the students as they have a lot of freedom and scope to explore the environment around them and the things present in the environment. Students use all their senses to see, hear and feel the atmosphere of the environment around them and acquire knowledge through all their senses.

What students learned during the visit:

- Students learned to identify the plants, Biodiversity and its components. Got information about flora and fauna.
- They gained Ideas to conserve Forest. The visit facilitated the learning of abstract concepts and motivated students through increased Interest and curiosity.
- Increased student-student and student-teacher social interaction.
- Developed social awareness.

B. N. Jaiswal

Head, Department of Botany
