Report of the Program-

Sonopant Dandekar Shikshan Mandali's

Sonopant Dandekar Arts, V. S. Apte Commerce
& M. H. Mehta Science College, Palghar

The department of computer science had organized Career Opportunities in Computer Science by SQAUD InfoTech Andheri on 16-09-2022 at 11 AM.

A team of experts from SQAUD InfoTech Andheri had come to guide students on career opportunities in Computer science.

They have advised students about various career opportunities in computer science as follows

Computer science offers a diverse range of career opportunities across various sectors. Some of the prominent career paths include:

1. **Software Development:** Designing, coding, testing, and maintaining software applications and systems. Roles include software engineer, software developer, full-stack developer, front-end developer, and back-end developer.
2. **Data Science and Machine Learning:** Analysing large datasets to extract insights and make predictions. Roles include data scientist, machine learning engineer, data analyst, and AI researcher.
3. **Cybersecurity:** Protecting computer systems, networks, and data from cyber threats. Roles include cybersecurity analyst, penetration tester, security engineer, and chief information security officer (CISO).
4. **Network Engineering:** Designing, implementing, and maintaining computer networks. Roles include network engineer, network administrator, systems administrator, and cloud engineer.
5. **Web Development:** Building and maintaining websites and web applications. Roles include web developer, UX/UI designer, and webmaster.
6. **Artificial Intelligence and Robotics:** Developing intelligent systems and robots capable of performing tasks autonomously. Roles include AI engineer, robotics engineer, and automation engineer.
7. **Software Quality Assurance:** Ensuring the quality and reliability of software products through testing and quality control processes. Roles include QA engineer, test engineer, and quality assurance analyst.
8. **Game Development:** Creating video games for various platforms. Roles include game developer, game designer, and game artist.

9. IT Consulting: Providing advice and solutions to businesses on how to leverage technology effectively. Roles include IT consultant, technology strategist, and solution architect.

Nearly 54 students from BSc(CS) and BSC(IT) had attended this event.

This event is handled by faculties of computer science.

Mrs. Rashmi Waykole
Head of the Department
