**#sign of Technology**  
**An ERP Solution from BitBlue Technology Pvt. Ltd.**  
**Maharashtra**

**About us: -**

**“One Size Doesn’t Fit All” is exactly where are product Dextro Campus - An integrated ERP solution comes into existence.**

**Dextro Campus™** is the consortium of Technology, Skills, Methods, and Process used in the Efficient Application of Tech-based services. Applying user-friendly technology to ensure a smooth transition of traditional institutes to Smart Institutes. Our Motive is to bring all the stakeholders of the institute i.e Administrator, Staff, Students, and Parents under One Roof digitally. In other words, Technology acts as a connecting link between all, facilitating not just communication but two-way communication at fingertips. Gone are the day where parents

had to reach out in person to the institute rescheduling their work, today with us they can know their child's academic and non-academic performance through the app. With a primary focus to endure accountability and transparency even in the educational industry which lays the foundation for a strong and resilient India.

Assuring an integrated software solution with latest technology but yet user friendly remains the USP of our ERP solutions. Relieving the staff from maintaining heaps of paper work and duplication of work our system generates and analysis reports right from student's admission to this transference certificate. The student's entire journey in the institute is preserved and readily available at given point of time. Similarly, MIS reports can be generated and exported in any format. It's not only students whose record is maintained but even teaching and non-teaching staff can update their daily reports online facilitating 360degree appraisals. Faculties and Students are centric to all the activities with more than 50+ features infused in the system. Dextro Campus™ ERP System provides user-friendly dashboards with login access for teachers, non-teaching staff, students, parents and management of the institution.

The various modules available in Dextro Campus™ facilitate all the processes of your institution, from admission of new students to generating transfer certificates when students complete their studies Dextro Campus™ ERP has modules to manage **Admission, Enquiry, Fee management, Timetable, Attendance, Online Examinations, Result, Dx-room, Library, Placements, Transportation, Events** and many more. To summarize it is a Comprehensive, Easy to use Cloud based Institution management system that helps you to move faster, save money, integrate on-premises apps and data. The solutions when optimally used can lead towards improved grades of accreditation.

### **#Our Mission**

*"Technology will not replace great teachers but technology in the hands of great teachers can be transformational."*

### **#Our Vision**

*"Our vision is to provide One stop solution to all the needs of the Institute. Leaving no stones unturned we visualize to ensure Accessibility, Equity and Smart Solutions in this competitive world. We believe in integration of all the stakeholders and build the industria - academia bridge through our specialized Placement Management Strategies."*

## Product: A SNAPSHOT

### 1. Dextro-Campus™ ERP

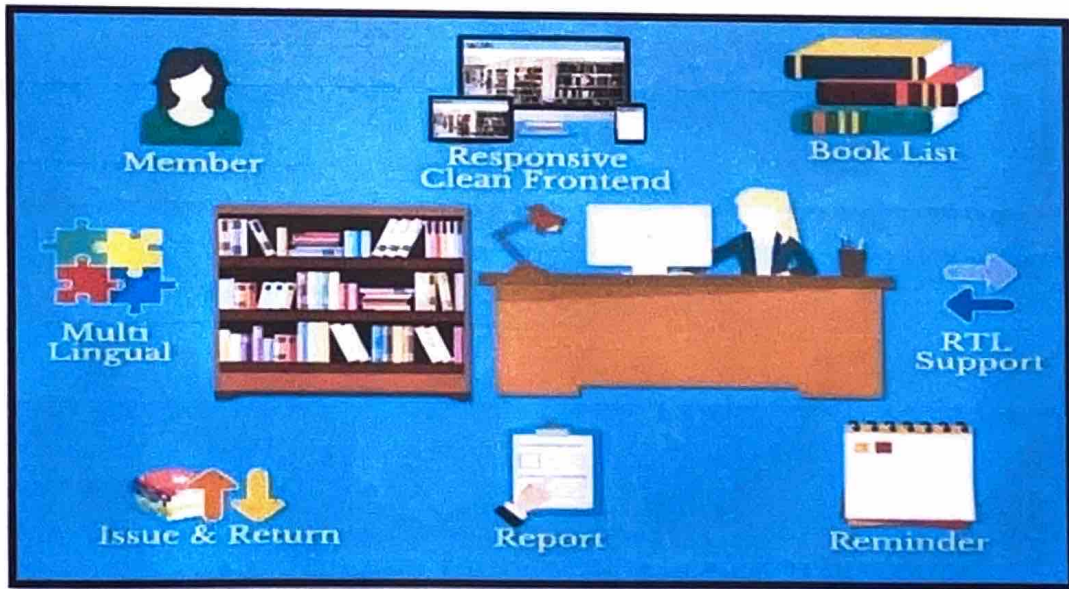

**2. Website Development as per NAAC requirements with selfmanagement system**

### 3. Library Management Integrated With ERP

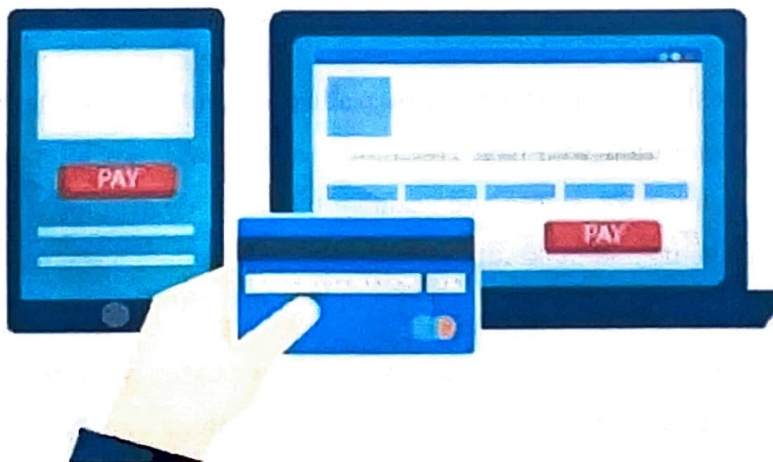

#### 4. Student Android app

#### 6. Online Payment Gateway

#### 1. Dextro Campus™ ERP

Dextro Campus™ is known for its spotless structure and design and for its resourceful competence. Dextro Campus™ ERP, an Institute Management Software, specifically designed and developed to simplify the process of educational institutions meets with all the technological and administrative requirements of college. The many tools enable proper workflow in different departments leaving no room for errors with a view to encourage and make positive difference in students.

The paperless automation of Dextro Campus™ provides the facility to perform all the activities of the College, making them easy, fast, efficient and accurate. We understand the importance of a centralized database management system and have designed and developed Dextro Campus™ after a thorough analysis, to ease the work of the institute stakeholders.

This complete institute management system automates and administers different academic and non-academic tasks making them easy, fast, efficient and accurate, aiding multiple departments, prospective students, faculties, staff and others. This college automation system has been created to help every institution manage all their data in a seamless and systematic manner. The product ensures to provide quality and result oriented solutions to all your worries.

- **Student Life-Cycle Relationship:** From admission to graduation and beyond, Dextro Campus™ leverages new generation, web-based technologies, to seamlessly integrate, streamline and manage in a secure, stable and scalable technical environment, the various touch-points and events that make-up the relationship a student has with the educational institution.
- **New Generation Technologies:** Dextro Campus™ is a browser-based system suite crafted using highly available, well integrated and scalable technology

- **Efficiency and Productivity:** By leveraging web-based technologies, Dextro Campus™ lets users access their information anytime and anywhere using a Web browser. It costs less to maintain and support, is easier to learn and convenient to operate.
- **Seamless Integration:** Dextro Campus™ is a next-generation, fully integrated, end-to-end campus management solution suite. Dextro Campus™ is a “one-stop shop” that addresses and automates all the activities
- **Secure, Role-Based Information:** Dextro Campus™ automatically identifies roles and relationships so students, faculty and alumni see the content and information specific to their needs, when they need it and sensitive data is protected to prevent inappropriate access.
- **Customer Driven Developments:** We continuously invest in our new generation campus management solution suite with a strong team of over 100 professionals.

### **Features of Dextro Campus™ ERP -Module**

- **Admission /enquiry**
- **Undertaking**
