Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.	<p>COVID 19 hit the country on 17th March 2020, with skidding curve especially in the state of Maharashtra leading to the immediate closure of schools and colleges with a wink of an eye. Entire nation when down for lockdown on 23rd March 2020 leading to unplanned closure of universities leaving the entire educational fraternity into a soup.</p> <p>The immediate ripples were felt in teaching and learning systems. Due to temporary cessation of face-to-face learning, restricted mobility, isolation, and personal adjustments had made them fragile and vulnerable to various psychological issues such as anxiety, depression, sleeplessness, loss of interest, and negative attitude towards life. The tendency to "QUIT" rather than to fight had been commonly observed amongst them. These levels of despair were even graver where the final term examination was pending. The ongoing tiff between the authorities regarding the conduct of degree-awarding examination at UG and PG had left them in a jeopardy.</p> <p>For us as administrators and teachers, education is not imparting curriculum alone but a journey of a student leading to holistic transformation from teenage to adulthood. To keep them engaged while preparing them for a paradigm shift in the mode of learning was a challenge confronting the institute. Turning the tables round we thought of "Instead of Social Distancing let's call it Virtual Connecting and we started our journey in the brave new world".</p> <p>The objectives for the strategy formulation and implementation:-</p> <p>Creating a holistic environment for the adoption of blended learning amongst the stakeholders.</p> <p>Analyzing and Making available the required infrastructure for the execution of E-learning systems.</p> <p>Providing required training to faculties and students for the adoption of E-learning systems.</p> <p>Creating repositories for future reference since a 100% response rate is a distant dream currently.</p> <p>Collaborating with faculties from other institutions for the exchange of knowledge and ensuring continuous learning and up-gradation.</p> <p>Reviewing and analyzing structured & unstructured feedback to take timely actions.</p> <p>PREFACE: It started with a question, how to reach our students? Which then struck us to use the Hub and Spoke Model for two-way communication wherein a SPOC was allotted class wise. We first tried to find the psychosomatic status of our students and faculties by having a telephonic conversation and simultaneously the team worked for innovation and preparing for the uncertainty.</p> <p>ADAPTATION: In the initial days before the academic calendar for 2020-21 commenced we had to keep our students intact and occupied. With this objective the Internal Quality Assurance Cell (IQAC) with dual objectives of Fun and Learn undertook varied activities using online platforms of WhatsApp, Instagram, Google Meet, ZOOM etc up to the month of June. The rationale behind this was to keep them unharmed and adapt themselves to the online mode of learning gradually. Apart from participating in webinars, quizzes at the college level, students were encouraged to participate in intercollegiate events too. This made them comfortable with the interface and instilled within them the idea of blended learning.</p>										
3. The period of delay in completion of syllabus (in months).	0										
4. The period of delay in conducting exams (in months).	2
